

# POWER TRANSFORMERS

PC MOUNT

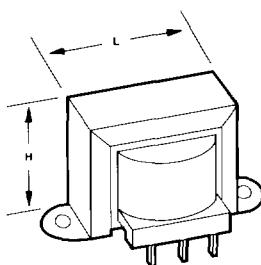

Figure A

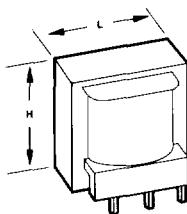

Figure B

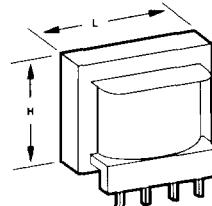

Figure C

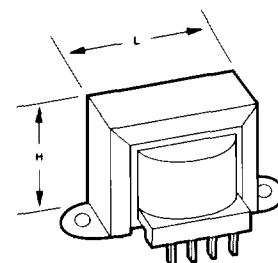

Figure D

**DESCRIPTION:** TRIAD power transformers from MagneTek are offered in a wide selection of plug-in types to meet the needs of PC board and solid state power supply designs. These transformers can satisfy power as well as control and instrumentation applications. The transformers are available in single or dual primary and dual center tapped secondary configurations.

## SPECIFICATIONS:

Primary: 115 V, 50/60 Hz

23

## Single Primary, Dual Secondaries
