<b>Product Manager:</b>	Jibu Babu		
<b>Subject:</b>	Notification of Change with Immediate Effectivity		
<b>Distribution:</b>	Global		
<b>Type of Change:</b>	Materials Change		
<b>Change Description:</b>	We propose to add GXT+ as approved plating material (as per details attached) for 2mm Millipacs meeting the product performance specifications. There is no change to the existing plating location nor to the part numbers.		
<b>Reason for Change:</b>	Palladium prices have increased significantly over the last several years causing drastic increase in cost of production. We are reviewing the current product pricing. To reduce the impact of palladium metal price spiral on the cost of production, we are implementing GXT+ plating in our process. Your qualification approval will help us to limit the product price increase.
