

April 2022

PRODUCT CHANGE NOTICE

Dear Valued Customers,

Our UL/DL, UM, and UR series circuit breakers, which have been manufactured by Doepke for the past three years, will now start arriving with updated printing.

The ABL brand logo currently in use will transition to the Doepke brand logo over the coming months. The only change is the logo from ABL to Doepke.

- Physical appearance will stay the same along with part numbers.
- On the front, only the brand will change from ABL to Doepke (See figure 1)

If this creates a problem, please contact Altech to see how we can assist.

ABL → **Doepke**

Figure 1. UL 508 UM series shown.

Sincerely,

Mario Meise
President

**Part Numbers affected
by April printing change**
