

Amphenol Canada Corp - Product Change Notice (PCN)

PCN Date		November 23, 2023				
Supplier Name		Amphenol Canada Corp.				
Amphenol Canada PCN Number		PCN-C05035				
Description of Change		Change the packaging tray from white PS (polystyrene) to transparent PET (polyethylene terephthalate).				
Reason for Change		The current packaging tray is made from PS which is not strong enough in some handling situations. Changing the material to PET will enhance the tray strength and reduce potential product damage.				
Summary of Change Between New and Old Part		This PCN is for improving the tray strength. It does not affect the form, fit or function of the connectors or affect the part quantity per tray or per full carton.				
Traceability guidelines (lot code / date code, markings, ship date...)		The revised packaging will be controlled by date code and is expected to be implemented in January 2024 (date code 2401).
