

Customer information

Puchheim April 18, 2016

**Product Change Notification**

Dear customer,

please be informed that we will no longer offer the contact material silver cadmium oxide (AgCdO) for the following relay series in the future. The contact material silver tin oxide (AgSnO<sub>2</sub>) is still available and is an alternative material for common applications. Contact us for samples.

Affected relay series / types
AZ 696-1A-..., AZ 696-1B-..., AZ 696-1C-...
AZ 725-1A-..., AZ 725-1B-..., AZ 725-1C-...

Due to ecological reasons relating to cadmium-containing materials and the decreasing market demand of such material, ZETTLER will stop the production and sales of the the relays aforementioned on 31.12.2017.

If you are not the right contact person for our informations, please forward this letter to the responsible person in your company.

We thank you for your confidence in us and our products and we are looking forward to a further successful cooperation.

If you have further questions please don't hesitate to contact us.

Best regards

Your ZETTLER electronics sales team
