

December 19, 2022

TTI ELECTRONICS ASIA PTE LTD  
3 CHANGI NORTH STREET 2, #04-01 LOGISTECH, SINGAPORE 498827

Dear PeiSan Low,

We have advised you in multiple letters of the spread of the COVID-19 pandemic and the resulting force majeure situation affecting Aptiv and its suppliers. As China has just reduced its epidemic prevention and control measures to a large extent on December 7th, the number of people infected in China has increased dramatically. The effects of this ongoing situation include not only the health impact of the virus itself, but also the impact on Aptiv and its suppliers in obtaining labor needed to produce and deliver the Aptiv products required by your company.

Because of the labor shortage caused by COVID-19, we are advising your company of the likelihood of delays or interruptions in Aptiv's ability to fully supply your company, which is completely outside of Aptiv's control due to this force majeure event. Please be assured that we have been evaluating alternatives and will work closely together with you to monitor all parts in detail and take all actions possible to avoid or minimize any impact on the deliveries to your company.

We will advise appropriate contacts at your company of the specific Aptiv parts that may be affected. We will also continue to work closely with you and your team to mitigate the impact of the material shortage and keep you apprised of our efforts. We are optimistic that, with your support, we can work together to navigate through this challenge.

Sincerely,

A handwritten signature in black ink, appearing to be "Wang Chen", written in a cursive style.

Managing Director, Connection Systems China
