Subject: Product Label Change and approval agency update

Product Label Change and approval agency update migration

Dear End-Customer or Sales Channel Partner,

We are writing to you again, as advised previously by general notification, Bel Fuse acquired Power-One power solutions division in June 2014 and updates would occur in documentation, web-sites, product labels agency approvals, datasheets and general documentation.

Product labelling will be updated for all new assemblies from June 2015 for items that have not already been updated to replace the Power-One logo with Bel Power Solutions logo. This comprises most standard products in the portfolio.

All agency approval information will also be updated by the same time.

In the meantime if you have any questions or special requirements about these updates, please do not hesitate to contact your Bel Power Solutions sales representative or customer service representative.

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Yours faithfully,

Product Manager
Bel Power Solutions
