

PRODUCT CHANGE NOTIFICATION

PRODUCT CHANGE NOTIFICATION NUMBER: PC000006

PCN DATE: June 12, 2018

This notice is to inform you about the following changes to the listed Stewart Connector products. For any further questions about these changes, please contact your Stewart Connector sales contact, or customer service representative.

PARTS AFFECTED:

SS70100-052F	SS71800-035F	SS-82100-001
SS71800-044F	SS-718802S-A-PG4-AC-NI	SS-82100-003
SS-718804S-A-PG4-BC-50	SS-664604S-A-PG4-AC-50	SS-76800-006
SS-748802SC5-YG-PG4-BZ	SS66600-012F	SS71800-044
SS74800-001F	SS-664602S-A-PG4-AC-50	

GENERAL PRODUCT DESCRIPTION:

Select PCB mount and cable applied RJ45 jacks.

REASON FOR CHANGE:

Improve material availability and lead time.

DESCRIPTION OF CHANGES:

The above parts are currently plated with nickel using a post plating operation, meaning that the parts are plated after stamping. To improve this process, we will now use pre-plated coil stock, in which the plating operation would be completed prior to stamping. This process is used on many of the products we sell in volume today. Since the plating specification will be the same, this change will have no mechanical or electrical impact to the form, fit, or function of the part.

ESTIMATED IMPLEMENTATION DATE:

Effective immediately and upon depletion of post plated inventory.
