Bourns will change to the Green Sumitomo G600 mold compound in the above packages as part of our plan to offer “Green” products to our customers in 2010.

Some product using the new “Green” mold compound can be available immediately if requested by customers.

Reliability data, SGS and MDS reports on the units’ package assembly incorporating the above changes will be available on December 1, 2009.

Bourns is issuing 90 days notice that mass production with the above changes will begin January 1, 2010.

For further application support, please contact our FAEs listed below:

Industrial/Consumer Market Segment

Americas (West Coast):

Antonio Gallegos
Tel: +1 (951) 781-5323
antonio.gallegos@bourns.com
