1. Purpose:

The purpose of this notice is to announce that the military toggle (M83731 models) models are being discontinued.

2. Reason for discontinuation:

We are closing down our Costa Rica manufacturing site where the military toggles are currently manufactured and moving all manufacturing lines to our China facility in Huizhou, China. The US government does not recognize China as an authorized country to manufacture military products and will not allow us to get the facility audited and approved to manufacture military products.
