Digi Connect® EZ 8/16/32

Act Now to Enroll in Our Conversion Assistance Program
Move from Digi ConnectPort® LTS to Digi Connect® EZ 8/16/32

### How to Enroll in Our Conversion Assistance Program:

A   Contact your Digi sales representative or channel partner to ask them to enroll you in the LTS Conversion Assistance Program.

B   Or contact **Digi Technical Support** and mention "LTS Conversion Assistance." Provide your name, part number and serial number of the **Digi Connect EZ** you are moving to.

Customers enrolled in this program will be given a priority number to receive expedited assistance in addressing any conversion questions and detailed program information.

Digi Connect® EZ 8/16/32

- 8, 16, or 32 serial RS-232 or RS-232/422/485 software-selectable ports to connect a wide variety of serial equipment over IP networks
- Dual 10/100/1000 Ethernet with dual SFP+ support
- Digi CORE® LTE module support with single or dual power options
- Micro SD for data logging, two USB ports and optional Wi-Fi, digital/analog IO and four additional Ethernet switch ports
- Ideal for applications requiring COM ports, serial tunneling or TCP/UDP sockets
- Built-in **Digi TrustFence®** for device security, device identity, encrypted connections and data privacy capabilities
- Easy setup and mass configuration with **Digi Navigator™** and **Digi Remote Manager®**

Application Example
