

Dear Valued

Distributors,

**Product Change Notice**

A change has been made to the housing of most of our 6200N series fans.

**Reason for change**

Continuous product improvement

**Description**

Extended cable exit at the flange area

Lip at the strut / cable channel

**Effect**

Improved and easier assembly of the harness as well as improved position of the lead wire in the strut of the fan housing

**Attachments**

- "PCN, 6200N Series Housing, Affected Parts.xlsx"
  - Tab 1 is a listing of part numbers affected
  - Tab 2 is a listing of part numbers NOT affected
- "PCN, 4400 Series Housing.pptx" – Visual of the current versus new / improved design

This is a running change, so the new and improved design will ship as stock of the current design depletes. Please note that depending on stock levels, you may receive a mixed shipment of both the current and new designs.

Please let me know if you have questions, or if you need any further information.

Thank you,  
Jeannine
