| <b>PRODUCT WIDTH</b>        | 3 in                                                                                                                                                                             |
| <b>PRODUCT WEIGHT</b>       | 7 lb                                                                                                                                                                             |
| <b>WARRANTY</b>             | Eaton Selling Policy 25-000, one (1) year from the date of installation of the Product or eighteen (18) months from the date of shipment of the Product, whichever occurs first. |
| <b>COMPLIANCES</b>          | Contact Manufacturer                                                                                                                                                             |
| <b>CERTIFICATIONS</b>       | IEEE Std. C37.41                                                                                                                                                                 |
| <b>CATALOG NOTES</b>        | Consult factory for mountings.                                                                                                                                                   |
| <b>PRODUCT TYPE</b>         | Fuse                                                                                                                                                                             |

## Electrical rating

|                         |         |
|-------------------------|---------|
| <b>AMPERAGE RATING</b>  | 70 A    |
| <b>INTERRUPT RATING</b> | 50 kAIC |
| <b>VOLTAGE RATING</b>   | 2.4 kV  |

## General information

|                       |                |
|-----------------------|----------------|
| <b>BARRELS</b>        | 1              |
| <b>CLASS</b>          | Class R        |
| <b>FUSE INDICATOR</b> | Non Indicating |
