PCN NOTICE

Change notice of FTR-B3Gxxx series - emboss carrier tape production outsourcing site addition

FTR-B3Gxx relay emboss carrier tape is molded by Miyazaki Fujitsu Components Limited (MFCL).
 However, production equipment for this process are aged and which makes it harder to gather maintenance parts.
 Now, emboss carrier tape production will be purchased from outside source to avoid production risks.
 -- Notes --

1. Product series FTR-B3 relay surface mounting type (FTR-B3G) Except PCB mounting space saving type

■ PARTNUMBER INFORMATION

[Example] FTR-B3 G B 012 Z - B10
 (a) (b) (c) (d) (e) (f)

(a) Relay type	FTR-B3	: FTR-B3-Series
(b) Terminal type	C G S	: Through hole : Surface mount : Surface mount, space saving
(c) Coil type	A B	: Standard type : Latching type (1 coil)
(d) Coil rated voltage	012	: 1.5.....24 VDC Coil rating table at page 3
(e) Contact material	Z P	: Gold overlay silver nickel : Gold overlay silver palladium
(f) Packaging	Nil B10	: Tube packaging : Tape&Peel packaging (only for surface mount type)

2. Changing contents Emboss carrier tape production by purchasing from outside source will be added .
 This change does not give impact on taping package specifications and relay's characteristics

Reason To avoid production risks.

	Current	After changed
Production site	Miyazaki Fujitsu Component Limited	Miyazaki Fujitsu Component Limited & Purchasing (Addition)
Molding dies	Current dies	Current dies Another dies production, provided by loan
Materials	Current materials	Current materials

3. Schedule Running change starting from October 2019 production onwards

4. Attachments 1) **EFFECTED ORDERING Parts numbers (Revised)**
