

FUJITSU COMPONENT PRODUCT CHANGE NOTICE

Change notice of FTR-MY relay, Production process automatization, Coil winding process transference.

FTR-MY relay's production line of FUJITSU COMPONENTS (CHANGZHOU) CO., LTD (FCCZ) will be automated and coil winding process transference is planned. New production line will be added due to FTR-MY relay's demand increase. Please be informed as following.

-- Notes --

- 1. Product series FTR-MY relay

- 2. Changing contents 1) Current semi-automated process (terminal bonding, drying --> shipping inspection) will be automated.
 2) Coil winding and assembling process will be transferred to FCCZ from out sourcing factory.
 3) FTR-MY relay new production line will be added

- Reason Due to demand increase
 This change gives no impact on relay's characteristics.
