Product:	SD card reader	Part Numbers Concerned:	See list attached
Product Manager:	Sally Luo	Issue Date:	10 Dec, 2008
		Page(s):	1/1
Distribution:	Active and Contract Customers		

Subject:

Enhanced SD Card reader to add robustness and help prevent reversed insertion

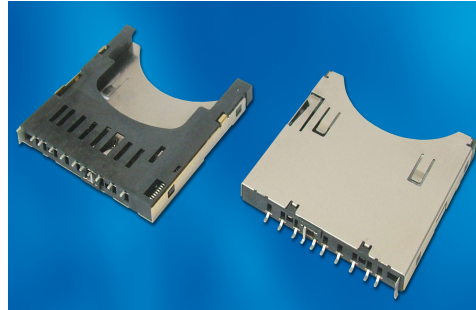

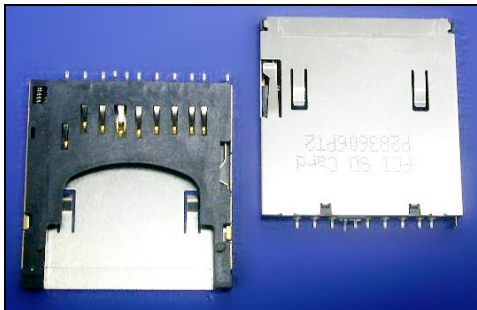

Nature of Change:

In order to prevent reversed insertion of SD cards into this SD card reader easily, the metal shield was re-designed from a “crescent” form to a “filled” form. Additional minor changes to the product design resulted into an overall more robust product.

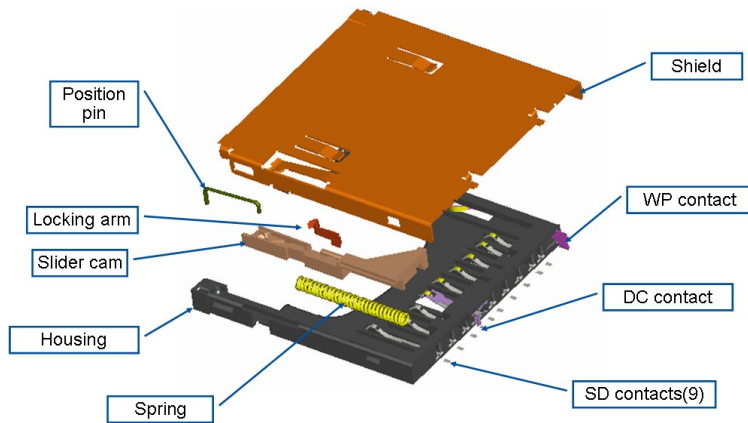

The part numbers will not change as the product still meets the existing product specification

New Version

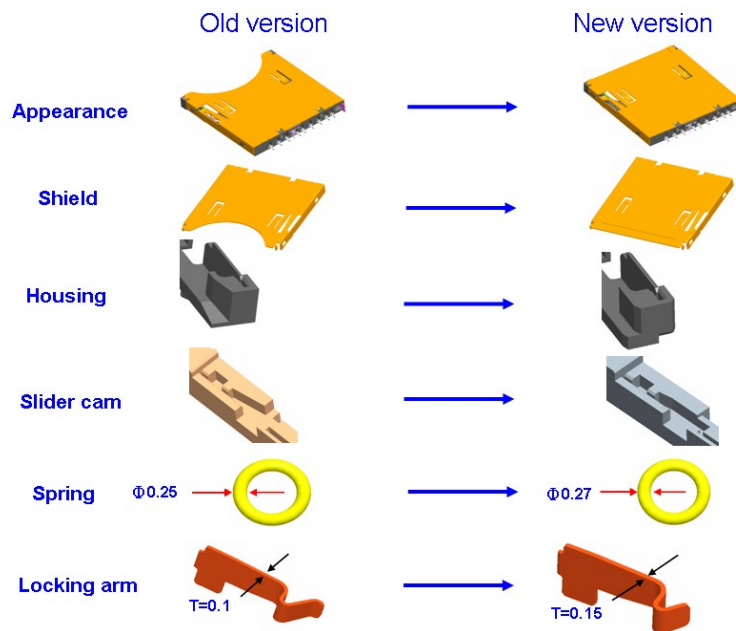

Old Version

New Version exploded view

Nature of Change:

Implementation Date:

Mar.01, 2009,

This change will not impact the product function. As the redesigned product is backward compatible to the existing version, customers can use the old version as it and phase in the new version as it becomes available.

Affected Part Numbers:

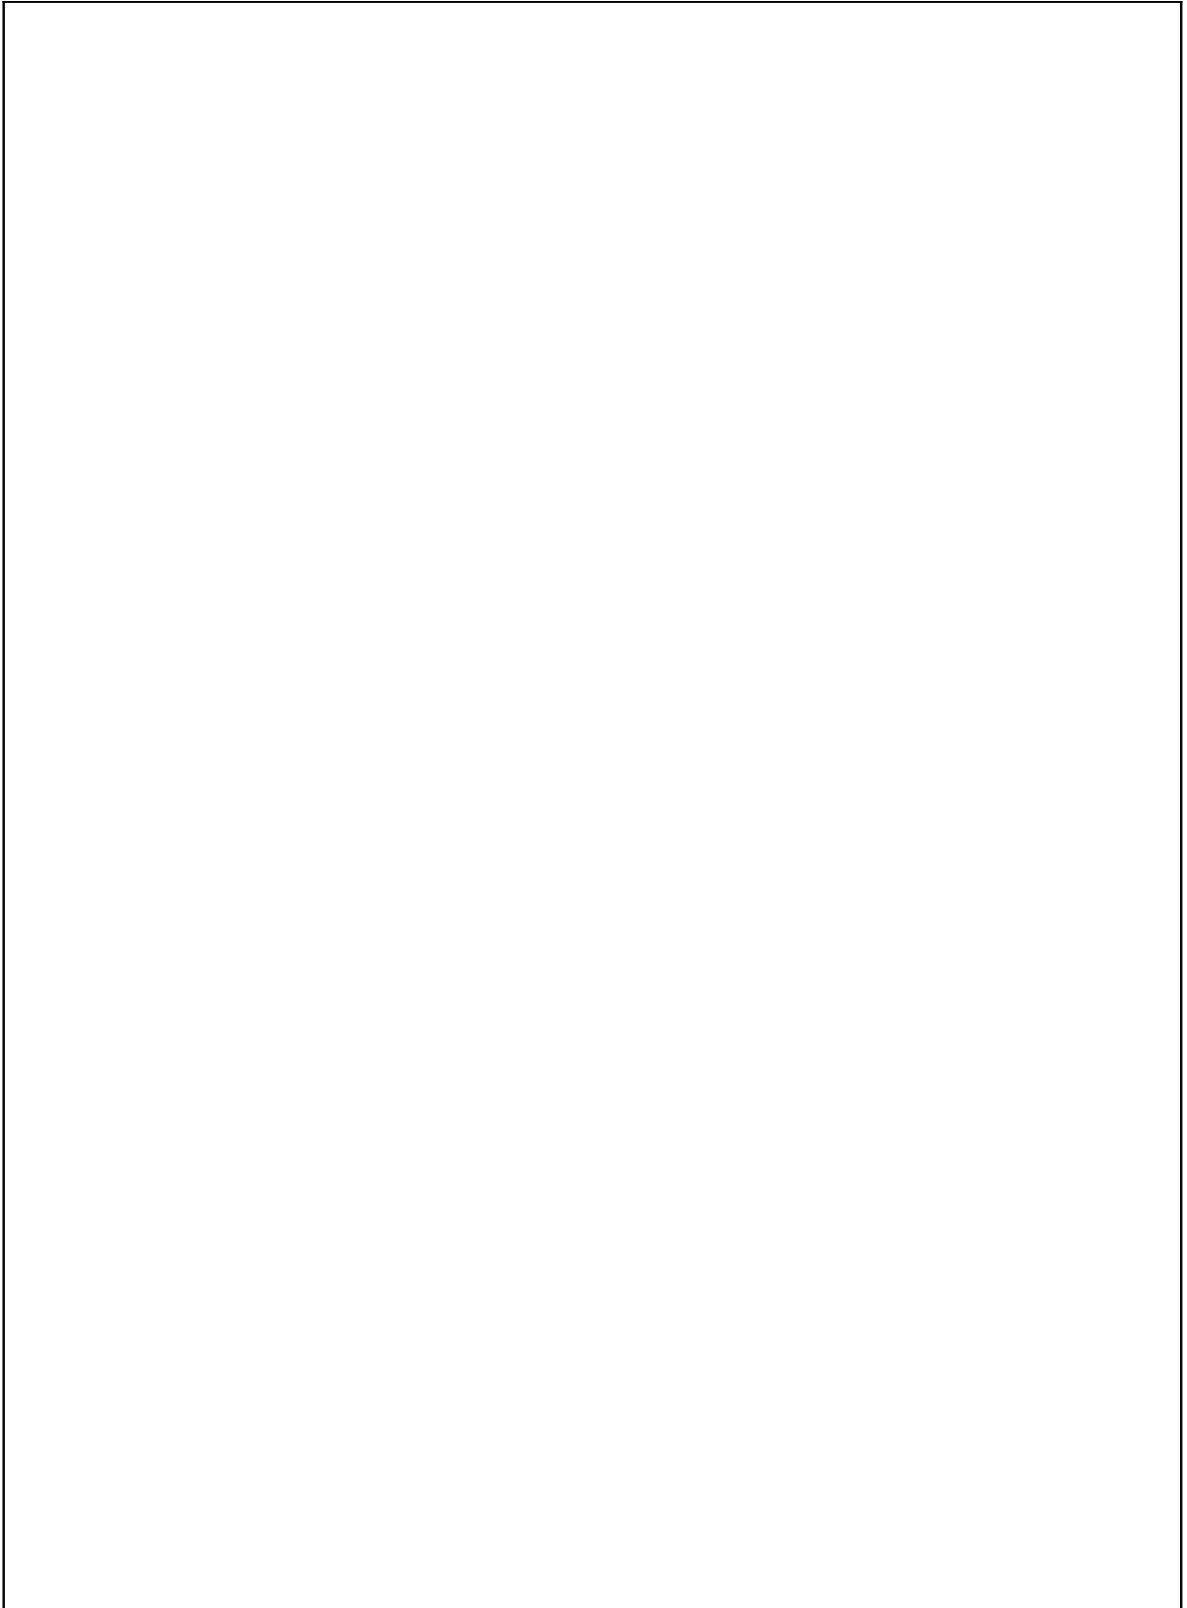

See attached list
