Product:	D sub connectors	Part Numbers Concerned:	See list attached
Product Manager:	Luc Maillet Joseph Binoy	Issue Date:	May 4 th , 2006
		Page(s):	1/1
Distribution:	Active and Contract Customers		

Subject:

D sub connectors*, shell and accessory plating upgrade.

*This PCN is applicable for every D SUB connector except connectors using cadmium or Zinc Chrome 6 plating.

Nature of Change:

In a wish to reinforce FCI position and increase product performances, we inform that FCI will change shell plating on D-sub connectors from Pure Tin or Zinc Cr3 to Bright Nickel

In addition to that, plating for D-sub connector accessories not in contact with PCB will change from Pure Tin to Bright Nickel.

This plating upgrade will allow high plating performance, better connector aspect and whisker risk elimination. A test report is available on request.

Implementation Date:

As from May 29th 2007, deliveries can be made using this new plating characteristic.

Affected Part Numbers:

See attached list

Action required:

Sales team to inform FCI customers.
