Product:	Metral® High Speed Headers and Receptacles 5-Row		Part Numbers Concerned:	See list attached
Product Manager:	Joost Wintjes		Issue Date:	5th Oct 2007
			Page(s):	1/1
Distribution:	Active and Contract Customers			

Subject:

Metral® High Speed Headers and Receptacles 5Row - Assembly capacity expansion

Nature of Change:

To support increasing global demand in Metral® High Speed Headers and Receptacles, we will be adding additional assembly capacity in Cochin, India. To assure product quality, the Cochin assembly process will use components supplied by the existing process in Huntingdon County. Since the Cochin assembly process will use ink-jet printing instead of laser printing, products can have either marking technique dependant on the supply site.

Implementation Date:

December 31 2007 or earlier as incremental capacity becomes available by sub-family.

Affected Part Numbers:

See attached list

Alternative Products: Not applicable as all products will remain in the portfolio. FCI promotes product meeting TELCORDIA GR1217-CORE performance level CO, meeting RoHS requirements. These products dash numbers start with "1" and end "LF" i.e. 73981-102LF

Action Required: For information / No immediate action required
