**Subject:**

Force Majeure of Dupont LCP Zenite Resin

**Nature of Change:**

Due to the force majeure of Dupont's LCP Zenite Resin, factory immediately needs to qualify alternate material to sustain the delivery of the above products to our customers. As the qualification process take time, the supply chain will be disrupted if customer decides to qualify the connectors on the application of their products; FCI will take about 3 weeks to qualify the alternate materials. DuPont's allocation will start from April onwards. If there is no customer qualification required, FCI will attempt not to disrupt the supply chain. Below products have been identified for the housing material to be replaced

- 1) Airmax
  - a) Zenite 6130L Blk ( 16-522-016 ) will change to Polyplastics E130i (16-522-017) or SUMIKASUPER E6007LHFMRBZ (10066972) or SUMIKASUPER E6807LHF BZ ( 16-659-012)
  - b) Zenite 6130LX Blk (10034408) will change to Polyplastics E130i (16-522-017) or SUMIKASUPER E6007LHFMRBZ (10066972) or SUMIKASUPER E6807LHF BZ ( 16-659-012)
- 2) SCA2
  - a) 1<sup>st</sup> priority - Zenite 6130L Blk ( 16-522-016) will change to Polyplastics E130 (16-522-017)
  - b) 2<sup>nd</sup> priority - Zenite 6130L Blk to SUMIKASUPER E6007LHFMRBZ (10066972) or SUMIKASUPER E6807LHF BZ ( 16-659-012)
- 3) Sata Samsung
  - a) Zenite 6130L Blk to SUMIKASUPER E6007LHFMRBZ (10066972) or SUMIKASUPER E6807LHF BZ ( 16-659-012)
- 4) Sata Trident
  - a) Zenite 6130LX Blk (10034408) to SUMIKASUPER E6007LHFMRBZ (10066972) or SUMIKASUPER E6807LHF BZ (16-659-012)

Note – Should we be unsuccessful in our evaluation of the alternate materials, we will need to go into allocation. However, if we are successful, and if customers require qualification at their end that run into Zenite material shortages in April 08, we may need to go into allocation for

these products.

**Implementation Date:**

1<sup>st</sup> April 2008.

**Affected Part Numbers:**

See attached list

**Action Required:**

- Sales to inform customers on alternate material change
- Distributors should inform their customer as well

13 February 2008

Dear Customer,

We wish to inform you that due to recent weather related conditions, the supply of Zenite® LCP polymer from our Chattanooga, Tennessee facility has been disrupted. Our plant is running, but not at full production rates. As a result, we are declaring force majeure and do not expect to meet your full product demand over the next several months.

A DuPont representative will get in touch with you to discuss the specifics of your situation.

Thank you for the confidence and trust you have placed in DuPont Engineering Polymers and we regret any inconvenience that our supply disruption may cause you.

Yours sincerely,

A handwritten signature in black ink, appearing to be "KJ Goh", written over a faint, illegible printed name.
