Product:	Bergstik®		Part Numbers Concerned:	See list attached
Product Manager:	Alejandro Aguirre		Issue Date:	28 th June 2008
			Page(s):	1/1
Distribution:	GLOBAL			

Subject:

Bergstik® Un-shrouded Headers Connectors resin option addition

Nature of Change:

The current business condition demand better performances to satisfy shorten lead time to our customers. In order to support better to our customers, FCI is adding a resin option on Bergstik® program. Bergstik® plastic insulators can be manufactured with Nylon or PCT, glass fiber reinforced resin or high temperature LCP thermoplastic resins as manufacturing option. This change will assures the supply chain performance and satisfy customers with reliable lead times.

Impact of change:

None. All Bergstik® Un-shrouded Headers Connectors will meet the performance outlined in product specification. The customers can continue ordering the same parts numbers. The plastic on this product do not affect the mating interface, but it will have a direct impact to improve PPM level to customers and also reducing waste thru FCI recycling program.

Implementation Date:

FCI will start using high temperature LCP thermoplastic resin on Bergstik® Un-shrouded Headers Connectors after September 28th 2008.

Affected Part Numbers: See attached file.

Action Required:

Notify all customers for this resin option addition for Bergstik plastic insulators.
