Change Description:	Replace UL  and / or CSA  marks with combination mark  With the proposed change, there will not be any UL/CSA marking on the Millipacs Straight (HM2P--series) / Right Angle Header (HM2J-- series) connectors. The UL/CSA marks on the packing box label of Millipacs Headers and Accessories (HM2H-- Series) would also be replaced with the combination mark		
Reason for Change:	This UL Recognized Component Mark became effective April 1, 1998 and may be used on components certified by UL to both Canadian and U.S. requirements. Although UL had not originally planned to introduce a combined Recognized Component Mark, the popularity of the Canada/U.S. Listing and Classification Marks among clients with UL certifications for both Canada and the United States has led to the Combination Mark
