

Product Change Notification

PCN Tracking Number:	RLPCN081901, revision 1
Product Category:	Electromechanical relays
Date:	09 May, 2008
Affected Products:	See list of products at page 2.

Change description:

Date code format change for electromechanical relays as printed on the relay cover. The actual day of production will be added to the existing date code format. Depending of the type of relay it will be a letter or a series of dots. (See page 2)

Affected part numbers:

See list of products at page 2.

Change details:

Type of marking	Week days						
	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Letter	A	B	C	D	E	F	G
Dot	••••••	•••••	••••	•••	••	•	-

See annex 1 for dot and letter marking examples.

Reason for change:

Improvement of traceability

Implementation schedule:

Starting June 2008, after preparation of each production line.

Anticipated impact:

None: there are no changes to the specification or characteristic for the relay itself.

Customer response:

Please send us your comments, and requirements for detailed information if required, to your Fujitsu account manager.

Disclosure information:

None of this information shall be disclosed or forwarded to other suppliers or distributed outside your company, without approval from Fujitsu Components Europe B.V.

This Product Change Notification will also be available on <https://extranet.fceu.fujitsu.com>

Nr.: RLPCN081901.

Date: 08 May, 2008
