

Accuris has added the following environmental document to the active parts as mentioned in the document from Global Connector Technology Inc as of 01-December-2016.

Thank You.

Dec 2016

Certificate of RoHS Compliance

Global Connector Technology certify that the following part(s) comply with the EU RoHS (Restriction of hazardous Substances) 2011/65/EU Directive and they do not exceed the maximum permissible concentration values:

- ✓ Lead Pb - 0.1% by weight in homogenous materials
- ✓ Mercury Hg - 0.1% by weight in homogenous material
- ✓ Cadmium Cd - 0.01% by weight in homogenous material
- ✓ Hexavalent chromium - 0.1% by weight in homogenous material
- ✓ Poly Brominated Biphenyl PBB - 0.1% by weight in homogenous material
- ✓ Poly Brominated Diphenyl Ether PBDE - 0.1% by weight in homogenous material

Part/Series number

Description

All part codes beginning BB, BC, BD, BF & BG	Board to board connectors
All part codes beginning DC	DC Jacks
All part codes beginning SIM	SIM card connectors
All part codes beginning MEM	Memory card connectors
All part codes beginning USB1, USB2 & USB3	USB connectors
All part codes beginning FFC2 & FFC3	Flat Flexible Cable connectors
All part codes beginning 05- & 10-	Flat Flex Cable

For all other part codes please contact your nearest

Reach Initiative

In 2007, the European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force.

As of Dec 2016 the list contains 173 substances of very high concern.

At this time Global Connector Technology does not supply any standard products that require registration with Reach.

We have reviewed our products and do not have any parts that we manufacture or purchase with a chemical content that requires Reach registration. As a company concerned about our environment, we are active in limiting our use of chemicals.

We work closely with our suppliers regarding chemical usage to ensure the meeting all regulations. In the future, if our monitoring indicates a change in Reach status for any product we supply we will inform that customer(s) accordingly and register that chemical with Reach.
