

Receptacle Connector, In-Line

Unshrouded In-Line Receptacle

Shrouded In-Line Receptacle

In-line receptacles are used on free-hanging cords. Receptacles feature non-removable solder cup contacts for up to #20 AWG wire. Contacts are plated with hard gold. Stainless steel connector body. Shell is plated with black chromate finish. Silicone face seal. Open face pressure rating 0.4 bar. 5000 cycles mating durability. Shrouded receptacles are easier to mate and also provide added protection to mated connectors.
