## Overview

## Compatible Products

### Overview

#### Hardware compatibility

The HP USB Optical Mouse is compatible with the HP Compaq 4300 Pro AIO, NOTE: Not all models are available in all regions.

The HP USB Optical Mouse utilizes the latest optical sensing technology, recording precise motion over a variety of surfaces without a mouse pad

### Features

Reduce sticking and constant cleaning with optical tracking – a system that works through light with less moving parts for greater durability than ball-based mice

Users benefit from a smooth, contoured shape that fits both hands – and a wheel that functions as a third button

The optical sensor within the HP US Optical Scroll Mouse employs a scan rate of 800dpi and enables crisp motion without a mouse pad, ball or roller

Left-handed or right-handed users can enjoy a contoured shape that suits either preference

### Specifications

Product color  
Black
