April 02, 2019

Dear Authorized Distributor Partner

Subject: Relocation of Final Assembly for Limit Switches

Honeywell Sensing and Internet of Things (S&IoT) announced on January 16, 2019 that it will move final assembly of Limit Switch products from its Galena, IL manufacturing site to its manufacturing site in Juarez, Mexico. These transitions will begin in the third quarter of 2019 with anticipated completion by early first quarter 2020. The primary product lines affected are:

- Heavy Duty - HDLS
- General Purpose - GLS/LS
- Compact - BZE6/BZV6/BZG/BZH
- Specialty – BAF/BF/OP/ML/VB
- Hazardous Location - BX/LSX/EX/CX/GSX
- Safety - CPS/GK/GSA
- Elevator Door Interlocks – RDI/CDI

We recognize the need to manage risk during project planning in the interests of our mutual customers. Honeywell's Authorized Distributor Partners are being asked to identify additional inventory required to bridge the gap if any unforeseen delays occur in the supply chain during the transition.

Stocking orders need to be placed by April 19th to allow the factory sufficient time to work through the additional forecasted backlog. As orders are received, planning will review and respond with anticipated ship dates.

Please copy Jean Rosa, Jean.Rosa@Honeywell.com, Distribution Sales Leader, on all stocking orders. This will allow us to better align our factory plan and prioritize normal orders versus stocking orders.

Honeywell has established a dedicated transition team to manage and communicate all necessary information to our Customers and Distributor Partners. This team is committed to the success of this project by embracing the following measures:

- Project management using a phased line-by-line approach with key milestones
- Having appropriate inventory of key assemblies to maintain supplies during the transition
- Thorough process audits to assure accuracy of documentation
- Comprehensive risk mitigation plans
- Process and product re-qualification once production is established in the Juarez site

Our next update on the status of the transition will be communicated no later than July 1, 2019. If you have any questions, please contact your Honeywell Sales Representative for immediate attention.

Sincerely,

Amol Joshi

Amol Joshi
