SUBJ:
Regulation No 1907/2006 Registration, Evaluation, Authorisation and Restriction of
Chemicals (REACH)
Article 59.1 - Substances of Very High Concern

To Our Valued Customers:

To the best of 3M's knowledge, all 3M Electronic Solutions Division Interconnect products, as listed in the current ESD Interconnect price pages, do not contain Substances of Very High Concern (SVHCs) at or above 0.1% w/w. This statement refers to the SVHCs contained in the candidate list (described in Article 59.1 of the REACH Regulation), as amended by ECHA on June 18, 2012.

In preparing this letter, 3M Electronic Solutions Division has relied in part on information provided by 3M suppliers. In the event any Product is proven not to conform with the information provided herein, then 3M's entire liability and Buyer's exclusive remedy, will be at 3M's option either: (i) replacement of Product with a conforming product, or (ii) refund of the purchase price paid by Buyer for each non-conforming Product, within a reasonable time after written notification of said non-conformance and return of said Product to 3M. 3M shall not under any circumstances be liable for direct, incidental, special, or consequential damages (including but not limited to loss of profits, revenue, or business) related to or arising out of this certification, including, the use, misuse or inability to use the Product. Unless stated otherwise in writing, the foregoing language cannot be waived, modified, or supplemented in any manner whatsoever.

SVHCs are added to the Candidate List at regular intervals. This product information only applies to the specific version of the Candidate List referenced above. If it is determined at any time that a 3M Electronic Solutions Division Interconnect product contains an SVHC above the threshold of 0.1% w/w, the required customer communication will be available at http://solutions.3m.com/wps/portal/3M/en_US/Interconnect/.

Please contact your customer account analyst or sales representative if you have any questions.
