

Infineon Technologies AG
Am Campeon 1-12
85579 Munich, Germany

October 2012

Statement "Conflict Metals"

Section 1502 ("Conflict Minerals Provision") of the "Dodd-Frank Wall Street Reform and Consumer Protections Act" amends the "Securities Exchange Act of 1934" and is applicable for companies having reporting obligations toward the US Securities and Exchange Commission (SEC).

Infineon Technologies has assessed on a voluntary basis its suppliers regarding the use of so called "Conflict Metals" such as Gold (Au), Tantalum (Ta), Tungsten (W), Tin (Sn) and additionally Cobalt (Co).

Based on our current state of knowledge none of our suppliers is using metals/minerals originating from the DR Congo and surrounding countries for raw materials/products delivered to Infineon Technologies.

For your information and as a support of the EICC Smelter Assessment Program please find attached a list of all smelters identified within our supply chain processing the before mentioned metals (Appendix - Smelter List).

Infineon Technologies AG
