 MARKETING BULLETIN
 PRODUCT INFORMATION RELEASE

Issued by: Nadja Heckenberger
Achim Raad
Location: ITT Cannon GmbH, Weinstadt
Date: January 30th, 2018 For customer: Yes No

Product: Supplier Change Notification

Dear Customer,

With this letter we would like to inform you about a change of supplier which affects housings of the Trident Neptune Metal (TNM), Trident High Voltage (THV), KPTC and CA-COM series.

Affected of this change are the following parts you purchased from ITT Cannon GmbH and its affiliates in the past five years:

Customer	Part Numbers Affected
TTI Inc.	See attached Table 1

The supplier change is a strategic decision as we had to invest in new tools. There is no change in fit, form and function of the parts.

In order to guarantee consistent product quality the new products will undergo internal change processes including final product approvals. Based on the forecasted quantities we expect to ship the first parts of the new supplier in Q1 2018. The supplier change of the different layouts will be carried out fluently without further notice in Q1 and Q2 2018.

If we do not hear from you until February 16th, 2018, we assume this change to be accepted.

Sincerely,

i. A. Nadja Heckenberger
Product Management
