

Datasheet for part number DAMM-3W3S-A197

|                                         |                                                             |
|-----------------------------------------|-------------------------------------------------------------|
| Our Catalog Part Number: DAMM-3W3S-A197 |                                                             |
| Brand: Cannon                           | Product Category: D Sub Product Line: D Sub Series: COMBO D |

| Product Datasheet               |                                                           |
|---------------------------------|-----------------------------------------------------------|
| General                         | Combo D Series: D-Subminiature offering mixed layouts     |
| Wire Gauge Range AWG            | AWG 8-26                                                  |
| Contact Arrangement             | 3W3 (3 empty size 8 cavities)                             |
| Dielectric Withstanding Voltage | 500 VAC at sea level                                      |
| Current Rating Signal Contacts  | 7.5 max                                                   |
| Operating Temperature           | -55°/+150°                                                |
| Salt Spray Test                 | 48 hours {96 Hrs for Stainless Steel}                     |
| Shell Material                  | steel                                                     |
| Shell Finish                    | pure tin over nickel                                      |
| Insulator Material              | Thermoplastic, type PCT UL 94V-0                          |
| Insulator Color                 | black                                                     |
| Gender                          | Socket                                                    |
| Contacts                        | delivery without size 8 contacts, please order separately |
| Mounting Method                 | .120" (3,05mm) Through Hole                               |
