**ETHICAL SUPPLY CHAIN / CONFLICT RAW MATERIALS AND SOURCING
POLICY FOR PRECIOUS METALS PURCHASE AND/OR PROCUREMENT
CERTIFICATE**

The Dodd-Frank Wall Street Reform and Consumer Protection Act (H.R. 4173) signed into U.S. law on 21 July 2010, requires the Securities and Exchange Commission to establish rules requiring disclosure and reporting procedures on the purchase and use of materials from conflict regions. Linear Technology Corporation has taken steps to back track the supply chain and has attained written confirmation from suppliers that products supplied are not raw materials from conflict regions.

Linear Technology Corporation is supportive of the efforts by the EICC of not utilizing raw materials from the Democratic Republic of the Congo and the adjoining countries. Linear Technology Corporation also confirms that it has not, and will not knowingly supply any customers with products that are manufactured with raw materials which have been sourced from conflict zones or regions where serious ethical and /or environmental concerns have been legitimately raised.

EICC's Conflict Minerals Reporting Template is available upon request.

Metals of concern are:

- Cassiterite (tin)
- Gold
- Cobalt
- Coltan (niobium and tantalum)
- Wolframite (tungsten)
- Pyrochlore (niobium)
