Affected\_CPN.pdf

Description of Change:  
The product content symbols and/or X/O table on shipping labels attached to package medium (i.e. bag, inner box, and outer box) will be amended.

See attachment of Pre and Post product content symbols on shipping labels labeled as...  
Pre\_Post\_Change.pdf

Impacts to Data Sheet:  
None

Reason for Change:  
For ceramic products with SnPb lead/termination finish Microchip is disclosing additional product content information on the shipping labels attached to package medium. MCHP recently determined that these products contain lead (Pb) in other homogenous materials of the package, which is why the X/O table is being modified.

Change Implementation Status:  
In Progress

Estimated First Ship Date:  
December 2, 2009 (Date code: 0949)

NOTE: Please be advised that during the transition period customers may receive shipping labels, on package medium, with either the pre or post changes due to existing shipments.
