

50474C

Surface Mount Common Mode Chokes

In Production

RoHS

Appearance & Shape

Features

0.47mH 0.7A surface-mount common mode choke designed to attenuate up to 100MHz common mode noise where line filtering is required, such as low current switching power supplies and telecom applications. 5000 Series.

Attention

1.This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.

2.This datasheet has only typical specifications because there is no space for detailed specifications.

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

50474C

Specifications

Shape	Surface Mount
Length	5.9mm
Width	9.3mm
Thickness	4.4mm
Rated Current	700mA
DC Resistance(max.)	300mΩ
Common Mode Inductance	470μH
Brand	Murata Power Solutions
