50105C

Surface Mount Common Mode Chokes

In Production RoHS

Applications

Unsuitable Applications	Please be sure to read and comply with these "Precautions for use."
Specific Applications	Consumer equipment,Industrial Equipment Please refer to Our Website and specifications, etc. for information about the performance, functions, quality, management, and safety required for the above applications, and use Products after confirming the performance and reliability of the actual Product.

Features

1mH 0.7Asurface-mount common mode choke designed to attenuate up to 100MHz common mode noise where line filtering is required, such as low current switching power supplies and telecom applications. 5000 Series.

Appearance & Shape

Attention
1.This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.
2.This datasheet has only typical specifications because there is no space for detailed specifications.
Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

50105C

Specifications

Shape	Surface Mount
Length	5.9mm
Width	9.3mm
Thickness	4.4mm
Rated Current	700mA
DC Resistance(max.)	300mΩ
Common Mode Inductance	1000μH
Brand	Murata Power Solutions
