## Product Change Notice #082401

Type of Change:             End of Life                             Material Change  
                                  Facility Change                         Process Change  
                                  Design Change                         Other

Part Series Affected: B60 series, BGA series, C series, CR series, CSM series, E series, M series, R2 series, S series, VM series, VR series, VX series, W series (Full part list available on next page)

Description of Change: Ohmite is discontinuing a number of heatsink part numbers. There may be emerging applications where the sales history of some discontinued parts would change significantly when mass production takes place. Ohmite remains open to reinstating certain discontinued parts should the opportunity warrant it.

Reason for Change: Recent tariff duty increases have led to a large increase in price for some of Ohmite's heatsinks. To better serve our customers, we have decided to discontinue less popular heatsink part numbers and will instead focus on more popular heatsink options to fulfill Ohmite customer needs.

Effective Date: 08/01/2024

Date Last Time Buy: Ohmite will continue selling the discontinued heatsink part numbers until our current inventory is extinguished.

Date of Last Time Shipment: Ohmite will continue selling the discontinued heatsink part numbers until our current inventory is extinguished.

Recommended Replacement: Ohmite has many heatsink options that are still available. Please reach out if you're interested in finding an alternative to one of our discontinued parts.
