

NO: REL - 241	PRODUCT: G5LE – PCB Power Relays
DATE: June 2022	TYPE: MODIFICATION – Change to Markings

G5LE PCB Power Relays – Consolidation of Safety Standards; Changes to Logos and CSA File number

In order to consolidate Safety Standards approvals and documentation, the CSA and UL Recognition marks placed on all G5LE Power PCB Relays will transition to a single cRUus mark, effective with January, 2023 production. Furthermore, the CSA file number that indicates compliance with C22.2 No.14 will be updated to reflect this change. These changes will not alter the technical specifications or external dimensions of the components. Should you have any additional questions, however, please communicate with the Relay Product Manager, Zac Hendrix.

Effective Date:

January 2023

G5LE Details of the Changes:
