## G3VM MOSFET Relay - Packaging Change: Adding a Protective Cover to Tape and Reel VSON/ S-VSON Models

In order to eliminate excess empty tape carriers, Omron is modifying the tape and reel packaging by adding a protective cover to the G3VM VSON and S-VSON models. This change will be effective with the December 2022 production. The following will fully explain the details of the changes. The models to be affected are listed below. Should you have any questions, however, please communicate with the Relay Product Manager, Zac Hendrix.
