

Product Change Notification

PCN-ICC-6966-2021

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
ICC - Industrial Cabinet	BE7	Product Change Notification	Notify Distributors and Field	6/29/2021

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

Due to recent confusion in pack size of DIN Rail articles, we have improved our internal procedures to accurately reflect package quantities. The packing units for each article is being changed or defined to reflect more accurate shipping quantities of each. There will be two types of changes, as laid out below. Each article change will fall under Type 1 or Type 2:

Type 1: These articles will be available in both a 50m/25pc (25pieces of two-meter stick) option, as well as an additional 20m/10pcs (10 pieces of 2M stick) option that will receive a second part number as listed below.

Type 2: These articles will be changed to ONLY a 20m/10pcs option (10 pieces of 2 meter stick). The part number will not be affected, but the description will add -VPE 10 to reflect the change.

See attached excel file for further explanation.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

Transaction Dates

Date modification goes into effect from Germany:	1/1/2022
Expected first shipment (from Phoenix Contact) of the modified products(s):	1/1/2022
