Change in the marking of D-SUB contact inserts – AAB140086
Please forward this information to your electrotechnical departments!

Dear Sir or Madam,

The production process of D-SUB contact inserts will be optimized in line with our continuous improvement process. Due to this change, the article number will no longer be imprinted on the housing of the contact inserts.

This change has no influence on the technical characteristics.

Previous product	New product
	

The existing stock can still be used. The new design will be delivered as of January 1, 2016.

Do you have any questions? Our consulting engineer or the sales team in Blomberg will gladly be at your disposal.

Yours sincerely,

PHOENIX CONTACT Deutschland GmbH

i.A.
