**Modification of the PC product series with flange PC 6 and PCV 6 – AAA150028
Please forward this information to your electrotechnical departments!**

Dear Sir or Madam

The shape at the flange of the headers mentioned above will be changed. With this change, the firm fit of the metal screw connection in the housing is significantly improved.

Further electrical features as well as the outer dimensions are not affected by this change.

The new version will be delivered as of February 1, 2016.

Do you have any questions? You are welcome to contact our support engineer or the sales team in Blomberg.

Yours faithfully

PHOENIX CONTACT Deutschland GmbH
