### Purpose/objective of the change

Adaptation of housing marking

### Detailed description of the change

The CULus logo for the combined approval will be added in the lettering field. Technical data and product properties are not affected by the change. Depending on the amount of stock and the number of positions, both versions will be supplied in parallel during the changeover phase. The cULus marking will be added to all MKDS 3 items step-by-step during future tool adaptations/optimizations. Here too, both versions will be delivered in parallel during the changeover phase.
