PCN-PCC-7735-2022

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
PCC - PCB Connectors	AAL	Product Change Notification	Notify Distributors and Field	3/8/2022

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

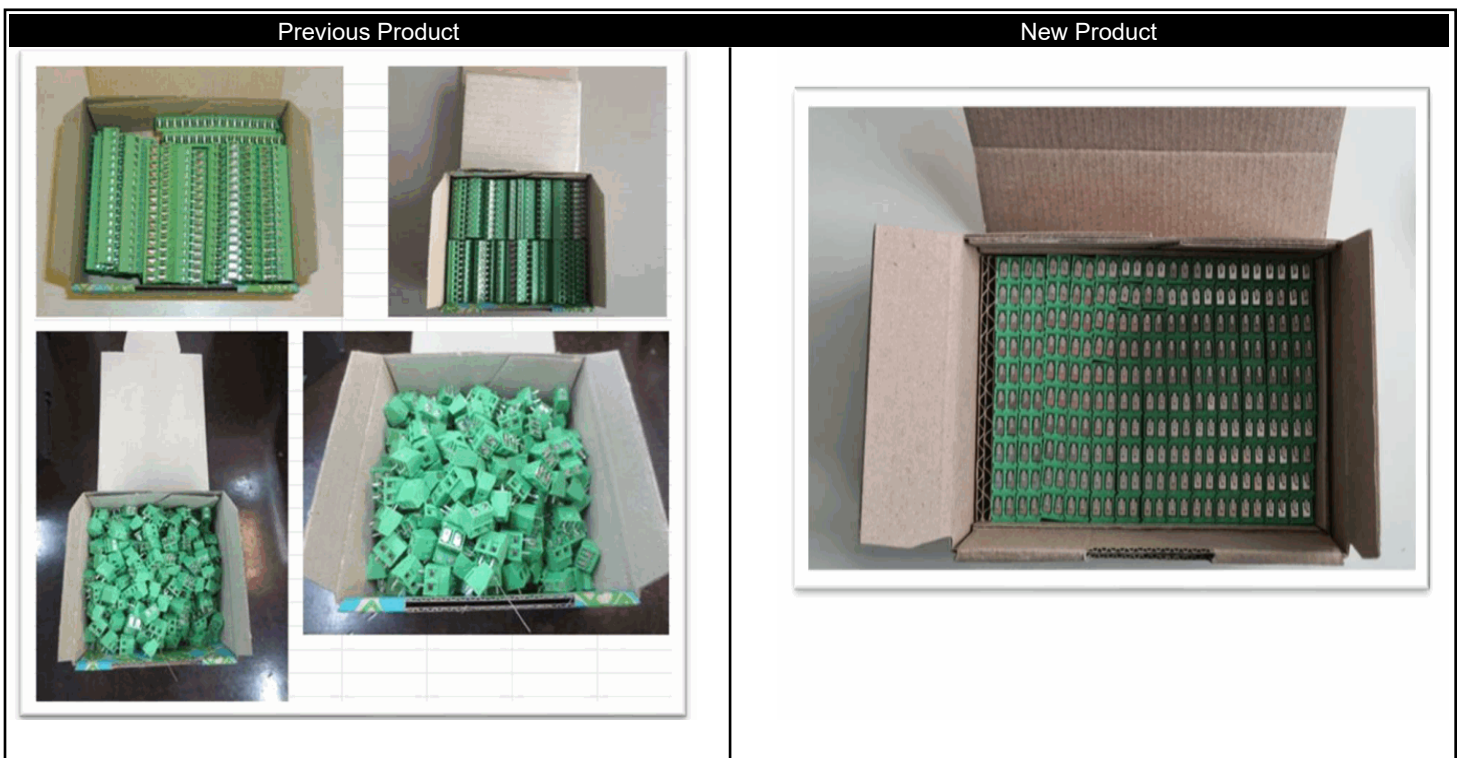

As part of the ongoing improvement process, the packing unit and packaging size of the MKDSN 1,5 series is being changed. For the new packing units and packaging sizes, please refer to the attached list "CAA210096 – Details Packaging". The items will gradually switch to the new packaging concept between September 1, 2022 and September 1, 2023. The new packaging will be indicated by an increase to the production batch on the label. In addition, a yellow sticker stating that the packaging has changed will be applied to the packaging during the transition period. Please also share this information with your colleagues who are responsible for quality control and incoming goods, and once switch-over to the new packaging concept is complete, please use the new packing unit in your system for future orders. No changes have been made to the product. The technical performance data therefore remains unchanged.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

Transaction Dates

Date modification goes into effect from Germany:	9/1/2022
Expected first shipment (from Phoenix Contact) of the modified products(s):	9/1/2022

Phoenix Contact Inc.
