Title / short description	Radii adaptation
Affected article category	Electronic housing
Change category	Form and appearance
Change number	PAC210005-02

Purpose/objective of the change

Safeguarding of supply capability

Detailed description of the change

Update to initial change information dated July 28, 2021.

The item list of the previous version has been updated. The various covers with a width of 72, 108, and 122 mm will be gradually optimized over the next 18 months.

The 122 mm width is currently being changed.

As soon as the 72 and 108 mm widths are changed, information will be provided in due course via a PCN revision increase and updated item list.

Reason for the change:

Introducing the adapted radii allows the production process to be optimized, meaning that the output quantity can be increased. This enables the safeguarding of supply capability at short notice.

The technical and mechanical properties of the item are not affected by these changes.
