Product Group PLASTIC CABLE TIES

ISSUE DATE: 22-Sep-23

IMPACTED REGIONS: NA EMEA LATAM AP

REASON FOR CHANGE: DISCONTINUATION
 OTHER

DESCRIPTION OF CHANGE: (Required)

Summary:

In May 2023, Panduit announced the strategic decision to relocate our manufacturing operations from Tuas in Singapore to Senai in Johor, Malaysia by mid-2024. Relocating these manufacturing operations to Malaysia will allow us to ensure capacity and capabilities that will position us for further growth. Manufactured product categories affected by this move include:

- Cable ties
- Fiber Runner
- Cable Manager
- Laser Printing
- Metal Embossing

Regarding distributor and end user preparations for country of origin changes, please note the following:

1. The molds used to produce the products you have been receiving are the same.
2. The machines used to produce the products you have been receiving are the same.
3. The materials used to produce the products you have been receiving are the same.
4. Our manufacturing process and in process inspection processes are the same.

We are on track to start production in Malaysia in November 2023, with products transitioning to the Malaysia facility over the next eight (8) months. In the meantime, we will be qualifying products in our new manufacturing facility from now until June 2024.

Panduit will be sending a separate communication with the complete list of affected part numbers through our product change notification process.

If you have specific questions about our manufacturing operations relocating to Malaysia, please reach out to your Panduit sales representative
