**Subject: Manufacturing Facility Location Change Notice**

Dear Customer,

Please be informed that the Pulse products in the attached list will be transferred from the Pulse China factory located in MianYang, Si Chuan (Pulse – MPO) to PingSha, ZhuHai (Pulse- SLO)

SLO manufacturing uses the same Pulse Quality System and Operation Procedures as MPO. This is only a change in manufacturing locations. There is no change to the process, materials, or design and with no impact to the product form, fit, and, function.

The products traceability will be through the added suffix of “-S” at the end of date code for example 1016-S. Qualification data will be available upon request.

This is a running change in effect:

Phase I April 2010

Phase II May 2010

(Customer part number and Pulse part number: please see attached file)

Please feel free to contact your Pulse sales representative or myself at 86-756-3810600 if you have questions, comments, or need additional information.

Sincerely,

Ally Yao  
North America Quality English-Pulse
