

Dear Samtec Customer,

This notification is being sent to inform you of a planned obsolescence in a part(s) you have purchased or enquired about in the past. Samtec's normal policy is not to obsolete parts; however, in some instances we have no option other than to discontinue. We will make every effort to support last time buys for the end options listed below; however, in some instances, our stock is already depleted (EGG, EGT, ZEGG, ZEGT) and we will no longer be able to support future orders on those end options. The following end options for series ICA are no longer available:

Samtec Series	Last PO Date	Last Ship Date
ICA - only end options affected:	12/1/2019	3/1/2019
ZEGT		
ZEGG		
EGT		
SGG		
ATT		
STT		
ZHGT		
SST		
EGG		
SGT		

Samtec has taken efforts to ensure users of this product, persons showing interest in the product, and those who have requested change notifications, have been informed. You should assume this is the only notification that will be sent. As the recipient, you should determine how best to communicate this information to your organization(s) and customer(s) as appropriate. If you have any questions, please contact Carmen Monihon, Carmen.Monihon@samtec.com.
