Product Change Notification

1. ECN #: 270375

2. Date of Announcement: April 25, 2016

3. Series:

- PET - PET Power Terminal

4. Part #'s Affected

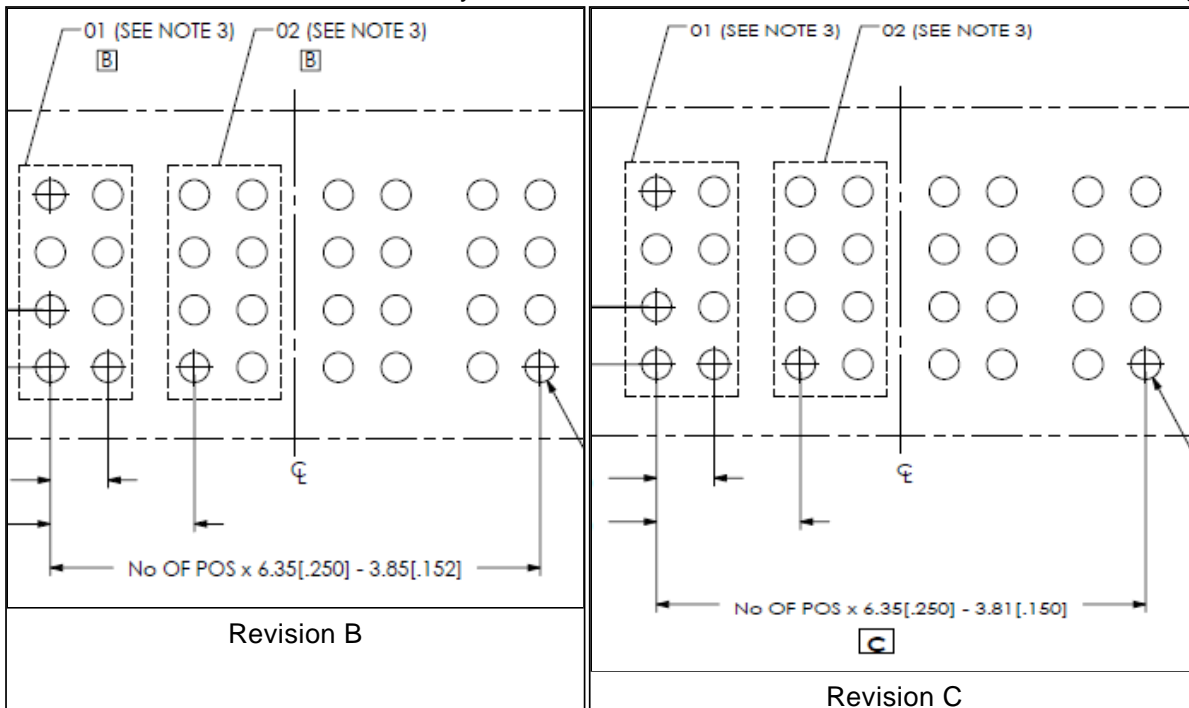

- PET-XX-XX-X-VT-XX-FOOTPRINT

5. Description of Change:

This is an adjustment to the first to last pin calculation to improve the fit of the part to the board.

6. Method of Identifying Change

There is no visual difference. The only difference will be the measurement from first to last through hole.

7. Reason for Change:

A recent product review showed that there could be improvement made to Samtec's recommended PCB layout, which would improve the fit of the part to the board. Existing boards will not cause any conflict, and can be used with boards that contain updated footprint.

8. Impact of Change on Form, Fit, or Function:

- Fit - Changing dimension of first to last pin location

9. Projected Implementation Date: May 02, 2016
