

Packing method change notice

Dear Valued Customer:

Thank you for choosing EPSON CORPORATION for your product. EPSON maintains a continuous effort to improve the production and delivery performance of its products. We will change the method of packing the reel products that use the inside box. The details are follows.

1. Products Affected

All reel-packing-products that use inside-box

2. The effect of changing

- 1) Reshaping of inside box. The standard label of the box on the inside is abolished.

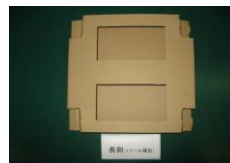

Current

Change proposal

The label of the outside box is abolished, because the confirmation of contents is possible by the reel label.

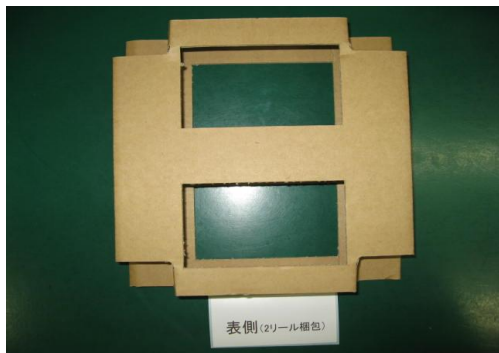

2) The inside box that two reels enter are added.

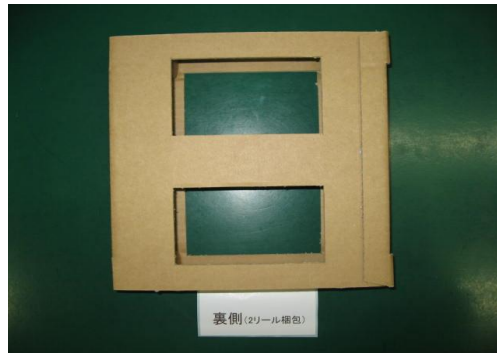

Current: Only one reel is put in one inside box.
Change proposal: We will add the inside box that two reels enter.

Empty state

Front side

The other side

Entered the product

Front side

The other side

3. Reason for the changing

- 1) So that the risk of the difference between the content of the labeling and the article of the box on the inside may decrease. (After the reel is packed in the box, the label can be confirmed.)
- 2) Reduction in amount of inside box scrap.

4. Schedule

Shipping: It will start on January 2015. After approving the customer, we will begin.

Shipping will start on January 2015 but it is possible for 1 shipment to contain old and new packaging. We need this until our stock is depleted on the old packaging style.

5. Other:

If you have any concern and/or request, please contact your regional SEIKO EPSON CORP. Timing Device sales office.

Sincerely yours,
