

October 2014

**To: Customers**

**Label change for Timing Devices**

First of all, we would like to take this opportunity to thank you for the excellent business relationship between our two companies and we look forward to a successful ongoing partnership in future.

With this letter, we would like to announce a new standard label for our Timing Devices replacing the current inner and outer box labels.

**1. Reason of Change**

Add barcode to labels and harmonize the different formats of all manufacturing locations.

**2. Objective Products**

All Epson Timing Devices with standard labels. If you receive a custom label it will not be changed.

**3. Implementation Schedule**

Exit factory shipments from January 2015.

**4. Description of Change**

Old label for reel and inner box from all factories	New label for reel and inner box from all factories
