

Packing method change notice

Dear Valued Customer:

Thank you for choosing EPSON CORPORATION for your product. EPSON maintains a continuous effort to improve the production and delivery performance of its products.

We are reducing the packing contents for environmental and space savings initiatives in a continuous effort to improve the product handling and reduce waste in the supply chain.

1. Products Affected

All reel-packing-products that use individual box

Exclusion: Class1 (XV-9000series), OCXO, FC1610, EV-series

2. The effect of changing

Reel packaged products will no longer be shipped via an individual carton box as is shown below.

<Current>

Before Inside Box Version 1

Before Inside Box Version 2

φ330mm / 254mm Reel

φ180mm Reel

<New>

Both inside box versions above will be eliminated and the reels will be shipped in a master carton only.

φ330mm / 254mm Reel

φ180mm Reel

3. Reason for the change

- To reduce the added weight and space of the individual boxes during the shipping process.
- With eliminating the cardboard content we will reduce the impact on the environment.

4. Schedule

Shipping: It will start on March 1, 2017, but it is possible for 1 shipment to have mixed packaging as shown above.

5. Other

If you have any concern and/or request, please contact your regional SEIKO EPSON CORP. Timing Device sales office.

Sincerely yours,

Seiko Epson Corporation
